200ml

- Non-Acetone: Because artificial nails also need their gentle removal product, Amatoury 114, also made this option available through a Non-Acetone remover, made from top quality ingredients that are soft on the nails. The product that helps rebuilding and conditioning your nails through a formula of *Aloe Vera & Vitamin E*, also comes in an easy to use pump-up bottle.

INGREDIENTS: Ethyl Acetate, ethyl Alcohol, aqua, aloe barbadensis (aloe vera) leaf extract, tocopheryl acetate (Vitamin E), CI 42090

- Strengthening: Nails get weaker by the day, due to dry weather conditions and repetitive manicures; this is why Amatoury 114 formulated a strengthening acetone for weak and brittle nails. Our strengthening acetone comes in an easy to use pump up bottle and is concentrated in *Almond Oil and Vitamin E*, which makes removing your nail polish a healthy experience.

INGREDIENTS: Acetone, Aqua, Sweet Almond (*Prunus Amygdalus Dulcis*) Oil, Propylene Glycol, Tocopheryl Acetate (Vitamin E), CI 16035, CI 16255
